MISSION

Our unique approach fundamentally aims to provide our clients with the top quality service and the best real estate experience possible. Whether you are buying, selling or renting your residential, commercial or industrial property, we shall make your life easier. Thus, our fully dedicated team is committed to providing clients with integrity and making property investment more accessible.

Services

Brokerage Management

PROPERTIES DESTINATION team of highly skilled professionals provide superior customer service in all real estate related business and we assist you with all of your transaction needs. Our professionals have access to the market data that will help them negotiate sale price or lease terms on your behalf. Their local market knowledge ensures that your transaction will be completed in accordance with all regulatory standards and will meet your needs.

Project Management

As project managers, we typically co-ordinate the whole project team on behalf of the client, embracing a number of specialist skills and disciplines. We manage the activities of all parties, so that they focus on the project's objectives and what is expected of them. It means we will dynamically control your project from the outset, setting out a framework of controls that can be applied to the entire process. With the backing advanced computer systems and clear reporting procedures, we will deliver your project to your requirements and to meet your precise needs.

Project Marketing

Our Professionals & real-estate consultants assist Real-estate Development companies in marketing their projects. We provide our business partners with the top quality service in marketing their projects to the targeted category for clients. We cooperate with more than 25 developers in marketing their projects in New Cairo, Sheikh Zayed, North Coast and Sohka

Cost Management

We provide a wide range of comprehensive professional cost consultancy services to our clients. These include cost planning and cost management, production of bills of quantities and tender and contract documents, financial administration of building contracts and dispute resolution.

Market Research & Analysis

Our access to the latest real estate information and trends that are essential to you in making informed decisions. With such comprehensive data, we can help you determine your real estate alternatives. This includes researching and analyzing competitive properties, prevailing market conditions and building occupancy. Associates can also identify prospective buyers or tenants through market strategy development using state of the art proprietary systems for transaction services including property sales, lease negotiations, and lease renewals.

Property Management Consultancy

We provides solutions and consulting services regarding property management and all related matters. Our management team acts on behalf of the owner and is responsible for managing your personal property, finding a tenant, collecting rent, complying with rules and regulations, routine cleaning and maintenance and even dealing with any issue that may occur at any time.

Investment consultancy

We speak for our clients in all actions of selling, buying or renting investment properties. Our consultants direct all endeavors to provide a comprehensive investment analysis helping in evaluating and achieving high return on investment (ROI).
